

iPortal

Online Client Services Interface

With patient-pay accounts on the rise, it's increasingly important to take control of your revenue collection performance. You can gain invaluable insight into the revenue collection process through KeyBridge's proprietary online client interface, iPortal.

THE FUTURE OF BUSINESS INTELLIGENCE

iPortal is a healthcare business intelligence application that provides completely secure access to your collection information and activity – when and how you want it. It's a real-time alternative to the slow pace of traditional vendor reports – if they give you any reports at all.

More importantly, you can access your account information from any computer anywhere with complete ease of mind. Our permission-based system complies with industry regulations, is supported by the world's most popular open source database, Oracle's MySQL Enterprise Edition, and is secured using SSL Strong Encryption so you can be confident your data is secure.

Get answers to your questions as fast as you can think of them; available 24/7.

INVITE FACTS TO YOUR MEETINGS

You and your colleagues are discussing trends in your healthcare business. But your reports don't answer your questions and you leave your meeting with more questions than you went in with. So you go create more reports, then call another meeting.

The KeyBridge iPortal provides around-the-clock access to real-time reporting of your account information including payment history, collections received, up-to-the-minute revenue collection performance reports and more.

With iPortal, you can filter, sort, discuss and analyze data in real-time. Ask and answer questions in the moment. That's real collaboration.

INTERACTIVE DASHBOARDS

What makes iPortal different? It's designed with the user in mind; it's easy to learn and easy to use. The tools and resources your team needs to perform their duties are just a click away. Find answers in minutes, not months.

Combine all the data you need into a one powerful dashboard. Updated in real time 24/7, iPortal will fundamentally change what you can achieve with real-time data.

- Quickly and securely transmit new accounts to KeyBridge with ease; maximizing data accuracy and speed
- Enter patient payments within seconds
- Save time with auto-fill forms
- Access the real-time account information and performance data
- Create up-to-the-minute revenue collection performance reports
